

AMENDMENT TO THE TITLE

The Applicant respectfully requests that the original title of Application Number 10/565,753 in the name of Swoboda, et al., be deleted and the following inserted in place:

DEVICE FOR HARDENING A COATING OF AN OBJECT, WHICH IS
MADE OF A MATERIAL HARDENING UNDER ELECTROMAGNETIC
RADIATION, ESPECIALLY A UV LACQUER OR A THERMALLY
HARDENING LACQUER

ARRANGEMENT FOR HARDENING A COATING OF AN OBJECT, SIAD
COATING CONSISTING OF A MATERIAL THAT HARDENS UNDER
ELECTROMAGNETIC RADIATION, IN PARTICULAR A UV LACQUER OR
A THERMALLY HARDENING LACQUER

AMENDMENTS TO THE SPECIFICATION:

Please insert the following section heading and paragraph after the Title of the application:

RELATED APPLICATIONS

This application claims the benefit of the filing date of PCT Patent Application PCT/EP2004/007697, filed July 13, 2004; which claims the benefit of the filing date of German Patent Application No. 10/2004 023 539.2, filed May 13, 2004; and German Patent Application No. 103 35 002.0, filed July 24, 2003; of which the contents of these applications are incorporated herein.

Please insert the following section heading.

TECHNICAL FIELD

Please replace the paragraphs beginning on page 1, line 1, with the following amended paragraph:

The present invention relates to an arrangement for hardening a coating of an object, in particular a vehicle body[.]. The said coating ~~consisting of~~ includes a material that hardens under electromagnetic radiation, in particular a UV lacquer or a thermally hardening lacquer, with

[[a]]) at least one emitter than generates electromagnetic radiation; and,

[[b]]) a conveying system that transports the object into the vicinity of and away from the emitter.

Please insert the following section heading on page 1, before line 10.

BACKGROUND OF THE INVENTION

Please insert the following section heading and paragraph on page 3, before line 13.

SUMMARY OF THE INVENTION

The present invention is provided to address these and other considerations.

Please replace the paragraph beginning on page 3, line 18, with the following amended paragraph:

This object is achieved according to the invention by the fact that the spatial orientation of the at least one emitter and/or a reflector associated therewith can be altered by means of a motor.

Please insert the following section heading before the paragraph beginning on page 12, before line 13.

BRIEF DESCRIPTION OF THE DRAWINGS

Please replace the paragraph beginning on page 12, line 19, with the following amended paragraph:

Fig. 2 is a front view of a gantry of the arrangement illustrated in Fig. 1; and,

Please insert the following section heading and paragraph on page 13, before line 1.

DETAILED DESCRIPTION OF THE PRESENT INVENTION

While this invention is susceptible of embodiment in many different forms, there is shown in the drawings and will herein be described in detail one or more embodiments with the understanding that the present disclosure is to be considered as an exemplification of the principles of the invention and is not intended to limit the invention to the embodiments illustrated.
